CAREER OBJECTIVES

BSc. (Hons) Computing graduate and MERN developer with experience in Node.js, Express, React.js, MySQL, and MongoDB. Currently enhancing skills in PostgreSQL, advanced CSS, and TypeScript. Passionate about building scalable applications, solving problems, and developing innovative projects. Seeking to grow as a Full Stack Developer while adding value to a dynamic team.

EDUCATION

Bsc.(Hons) Computing

2022 - 2025

Itahari International College
London Metropolitan University
Sundarharaicha-4, Dulari, Morang

School Leaving Certificate (SLC)

2019 - 2022

Sushma Godawari College
National Examination Board
Itahari, Sunsari

Secondary Education Examination (SEE)

2018

Boarding MA.VI
National Examination Board
Itahari, Sunsari

PROJECTS

Intern Recruiter System (Full Stack)

2025

Working on a full-stack intern recruiting platform with a React frontend and Node.js/Express backend. Implemented authentication, role-based dashboards (admin/applicant), application tracking, interview scheduling, and real-time notifications.

 **LIVE PREVIEW:** <https://intern-recruitment-system-lunar-it.vercel.app/>

Technology Used:

- Frontend: React, Zustand, React Router, Tailwind CSS, Axios
- Backend: Node.js, Express.js, MongoDB, Mongoose, JWT, Multer

SIDCUP - Family Gulf

2025

Built a fully responsive animated website as a passion project using HTML, CSS, JavaScript, and GSAP to strengthen my front-end fundamentals. Focused on mastering CSS animations, GSAP motion effects, and responsive design to create smooth, interactive, and visually engaging user experiences.

 **LIVE PREVIEW:** <https://first-animated-website.vercel.app/>

Technology Used:

- Frontend: HTML, CSS, JavaScript, GSAP

FitTrack - An Fitness Tracking Web App

2025

Developed a full-stack fitness tracking platform as part of my final year project. FitTrack allows users to set goals, log workouts, track visual progress, and receive personalized workout plans using AI via Groq's Open API. Integrated real-time updates using WebSockets (Socket.IO). Includes admin dashboard for managing users and workouts.

Technology Used:

- Frontend: React.js, React Router DOM, Redux, Hooks, Tailwind CSS, Shadcn UI
- Backend: Node.js, Express.js, MySQL, Sequelize, Socket.IO
- AI Integration: Groq Open API

Nike Website Backend

2024

Built the entire backend for a Nike-inspired e-commerce website. Implemented authentication, product management, order processing, and secure user roles.

Technology Used:

- Node.js
- Express.js
- MySQL
- Sequelize
- JWT
- Multer

School Management System (Admin Panel)

2024

Developed the backend for a school management system's admin panel. Features include student and teacher CRUD operations, attendance tracking, exam scheduling, and secure role-based access.

Technology Used:

- Node.js
- Express.js
- MySQL
- Sequelize
- JWT
- Role-Based Auth

MuscleForge2023

Developed a fitness website that provides workout routines with video demonstrations of each exercise and personalized diet plan.

- Technology Used:
- NodeJs, ExpressJs, EJs and MySql

MAAS Bonsai2023

Designed and created a frontend for a E-Commerce that sells bonsai plants.

- Stack Used:
- HTML, CSS and JavaScript

TRAINING/ CERTIFICATIONS

30-Day React.js Course – Digital Pathshala	2025
7-Day React.js Crash Course – Code It	2025
Node.js Certification Course	2023
Learning Git and Github	2023
Python Essential Training	2023

SKILLS

Technical Skills

- Programming Languages and Framework: React Js, Express Js, Node Js, HTML, CSS and Js, Java and Python
- Database Management: MySQL and Oracle
- Operating System: Windows and Linux

Soft Skills

- Critical Analysis
- Team Collaboration
- Communication
- Time Management
- Adaptability
- Problem Solving

PROFESSIONAL EXPERIENCE

Node.js Backend Intern	June 2023 - September 2023
Completed a 3-month internship focused on backend development at Hunccha Digital. Worked on real-world projects including a School Management System, implementing features such as authentication, attendance, exam scheduling, and role-based access control using Node.js, Express.js, Sequelize, and MySQL.	

IT Support Intern	February 2023 - August 2023
Gained practical experience in IT support during an internship at college, applying skills in networking and database management to real-world scenarios.
